

E13 MEMBERSHIP INFO

Version Sept 15, 2023 | Member individuals and groups are activists, community organisers, practitioners and volunteers working across interconnected movements for – for example – migrant justice and freedom of movement, climate justice, prison abolition and transformative justice, s*x workers' rights + mutual aid, anti-racism and queer liberation, and the many movements and issues adjacent to these. Sarj commits to try to keep at least half and ideally majority of member spots for individuals or groups primarily made up of BIPOC folks, pending of course the make-up of the application pool.
